

Lung Cheung Government Secondary School

The school's students have embraced the coffee culture, which was the theme of the school's

English Week 2019.

The English Week started on March 11, with students presenting decorative designs for the English Cafe's menu. Many beautiful works of art were created and displayed.

The English Public Speaking Competition, under the same theme, was held on the following day. Students from all forms delivered outstanding speeches, making it difficult to choose a winner. In the end, Ye Zhi-yin from 5C won the championship.

Later, the students watched an English drama, *The Count of Monte Cristo*, at The Absolutely Fabulous Theatre Connection in Sai Wan Ho.

At the end of the week, students got together to celebrate at the cafe. Soft coffeehouse jazz music

filled the air, mixing with the scent of freshly brewed coffee, and the sight of delicious cakes set on decorated tables. The students ordered food and drinks in English, and it served as an excellent, authentic environment to practise their language skills.
